

Q409. In what year was each source category required to begin reporting?

Q409. In what year was each source category required to begin reporting?

A409. The following source categories first report covered data collected in 2010:

- General Stationary Fuel Combustion Sources (Subpart C)
- Electricity Generation (Subpart D)
- Adipic Acid Production (Subpart E)
- Aluminum Production (Subpart F)
- Ammonia Manufacturing (Subpart G)
- Cement Production (Subpart H)
- Ferroalloy Production (Subpart K)
- Glass Production (Subpart N)
- HCFC-22 Production and HFC-23 Destruction (Subpart O)
- Hydrogen Production (Subpart P)
- Iron and Steel Production (Subpart Q)
- Lead Production (Subpart R)
- Lime Manufacturing (Subpart S)
- Miscellaneous Uses of Carbonate (Subpart U)
- Nitric Acid Production (Subpart V)
- Petrochemical Production (Subpart X)
- Petroleum Refineries (Subpart Y)
- Phosphoric Acid Production (Subpart Z)
- Pulp and Paper Manufacturing (Subpart AA)
- Silicon Carbide Production (Subpart BB)
- Soda Ash Manufacturing (Subpart CC)
- Titanium Dioxide Production (Subpart EE)
- Zinc Production (Subpart GG)
- Municipal Solid Waste Landfills (Subpart HH)
- Suppliers of Coal-Based Liquid Fuels (Subpart LL)
- Suppliers of Petroleum Products (Subpart MM)
- Suppliers of Natural Gas and Natural Gas Liquids (Subpart NN)
- Suppliers of Industrial Greenhouse Gases (Subpart OO)
- Suppliers of Carbon Dioxide (Subpart PP)

The following source categories first report covered data collected in 2011:

- Electronics manufacturing (Subpart I)
- Fluorinated gas production (Subpart L)
- Magnesium production (Subpart T)
- Petroleum and natural gas systems (Subpart W)
- Use of electric transmission and distribution equipment (Subpart DD)
- Underground coal mines (Subpart FF)
- Industrial wastewater treatment (Subpart II)
- Imports and exports of equipment pre-charged with fluorinated greenhouse gases or containing fluorinated greenhouse gases in closed-cell foams (Subpart QQ)
- Geologic sequestration of carbon dioxide (Subpart RR)
- Manufacture of electric transmission and distribution equipment (Subpart SS)
- Industrial waste landfills (Subpart TT)
- Underground injection of carbon dioxide (Subpart UU)
